Interface Software for the mySAP Business Suite

**SAP Certified Integration:
mySAP Technology based on
ABAP Add-On for SAP Basis 4.6C
with Rev-Trac 5**

SAP AG

hereby confirms that the interface
software

for the ABAP Add-on

Rev-Trac

Version: 5

of the company

Revelation Software Concepts

has been certified for the component
SAP Basis 4.6C.

This certificate confirms the existence
of product functionality in accordance
with SAP's certification procedure. It
does not guarantee that the product is
error-free.

The certification test is documented in
report: 1535/14277/612402/wdf dating
July 14, 2003.

The test has been performed using an
SAP R/3 4.6C System.

Vendor Hardware: **Intel Pentium**

Operating system: **Windows NT 4.0**

This configuration meets the
requirements for connecting **Rev-Trac**
to the mySAP Business Suite.

Certified functions

Centralised management of changes across simple and
complex landscapes

Capture of business context for all transportable changes

Business context enrichment with file attachments

Fully-configurable strategies for progressing and
disseminating changes

Extension of SAP locking concept beyond release

Overtake and overwrite protection to prevent system accidents

Manual, automatic and scheduled migration

Online approvals verified against SAP passwords

Fine-grained authorization control over all activities

Complete audit trail of all approvals and migrations

Workflow with full SAPOffice integration

Walldorf, July 30, 2003
