Revelation Software Concepts Seals Partner Agreements with Binary Four Group and Dimension Consulting

New partnership establishes U.S. technical base for enterprises adopting the award-winning Rev-Trac change management solution for SAP® solutions

New Orleans, LA – May 11, 2003 – Revelation Software Concepts Pty Ltd. (RSC), creator of the Rev-Trac® change management solution for SAP® solutions, today announced consulting partner agreements with U.S.-based consulting firms Binary Four Group, Inc., of Atlanta, GA, and Dimension Consulting, Inc., of Colorado Springs, CO. The firms specialize in supporting SAP solution-based business information systems and will provide a wide range of services to U.S. customers and potential customers of RSC.

Available services will include Rev-Trac installations, configuration assistance and end-user training, and other remote and onsite technical services relating to the growing user base in the U.S. and other American markets of RSC's flagship Rev-Trac product, now in version 5.0.

"These consultancy agreements will advance our commitment to maintaining a strong technical resource base for our customers in the U.S.," said Rick Porter, VP Business Development at RSC. "Binary Four and Dimension Consulting exemplify 'best practices' support principles and will advance our presence as well as our responsiveness to our valued U.S.-based customers. This agreement further strengthens our commitment to North American markets in a time of burgeoning international operations by enterprises of all sizes."

A member of the SAP Software Partner program, RSC just announced Rev-Trac 5.0 and will demo the solution here at SAPPHERE®, SAP's international customer conference being held May 11-13 (Booth #560 in the Partners 3 group of SAPPHERE exhibitors). Seamlessly integrated with the ABAP stack of SAP R/3® 4.6, Rev-Trac 5.0 intercepts all system changes, enforces consistent change management procedures, and allows for fully automated propagation of changes within SAP solution-based systems.

For more information about Revelation Software Concepts and their Rev-Trac change management add-on for SAP systems visit www.rev-trac.com. Binary Four Group is on the Web at <http://www.binary4.com> while Dimension consulting is at <http://www.dimensionconsulting.com>.

About Binary Four Group

Binary Four Group is a full-service provider of technical implementation consulting, technical support, upgrading and training services for SAP R/3. Binary Four's consulting services focus on technical processes and on working with the client and SAP to design, develop and implement systems with operating procedures that take full advantage of the R/3 software. Knowledge transfer is a key factor in delivering business value and thus a key element of Binary Four's service offering. For more information, visit <http://www.binary4.com>.
